Tired of getting burned by Cable Television providers? Direct TV Satellite Television offers the best home entertainment service available. Directtv has been in the business longer than any other satellite television service provider, delivering quality home entertainment for more than a decade. Directv now offers 250 video channels and 850 audio channels through XM satellite radio. Without a doubt, there's something for everyone with Directtv.

Viewers who are looking for variety, a crisp digital picture, and affordable monthly fees should look no further than Directtv Satellite Television. You'll find all your favorite channels, including HBO, Showtime, The Movie Channel, ESPN, The Weather Channel, Bravo, and Turner Classic Movies. Great family options are also available, with channels for every age, like The Discovery Channel, Nickelodeon, Toon Disney, The Disney Channel, Animal Plant, PBS and more. Directv also offers exclusive sports programming through NFL Sunday Ticket and NCAA Mega March Madness, networks only available here. These two sports channels bring you all the best sports action, along with expert commentary, news updates related to games, and informative interviews with coaches and players.

Directtv offers special movie and sports packages. Subscribers also have access to a wide selection of Pay Per View options each day. Great high definition programs are also featured, with all your favorite channels offered in HD format. Check out ESPN and HBO in HD, as well as local networks in incredibly vivid HD format. With all the best in digital satellite television offered here, there's no reason not to sign on. Now is the time to think about making the switch, as great introductory offers and special programming packages are available. You'll get award winning customer service, the most advanced equipment, including cutting-edge digital video recorders and satellite receivers. You'll also get free installation of all equipment with a lifetime guarantee.

Direct TV also offers XM satellite radio to subscribers. Delivering CD-quality audio, XM satellite radio features hundred of music channels, along with news, sports, talk shows and more. No matter what your taste in music - blues, jazz, hip hop, country, or rock - you'll find it on XM. XM is also the home of Oprah Winfrey, whose new talk show debuts in September.
